DETAILED ACTION

Allowable Subject Matter

Claims 25-~~45~~ are allowed.
42 R.C.F.

Examiner's Reasons For Allowance

See the examiner's reasons for allowance, as set forth in the parent application 09/656,026 (issued at U.S. Patent No. 6,744,881) except for the following issue. In the instant claims, applicant as expressly recited a feature where certain steps are repeated so that the operator places a series of telephone calls to a plurality of customers (e.g., see the claim 1 limitation "c) repeat (a) and (b) to allow the operator to place a series of telephone calls to a plurality of customers"). This feature was not recited in the parent application. Thus, the instant claims are not limited in scope to a first and second call as was discussed in the parent application. Further, this new feature materially distinguishes over the claims of the parent case thus avoiding any double patenting issues.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
